**Name:**

Nathan Schmidt

Name of App:

Legends of Runeterra
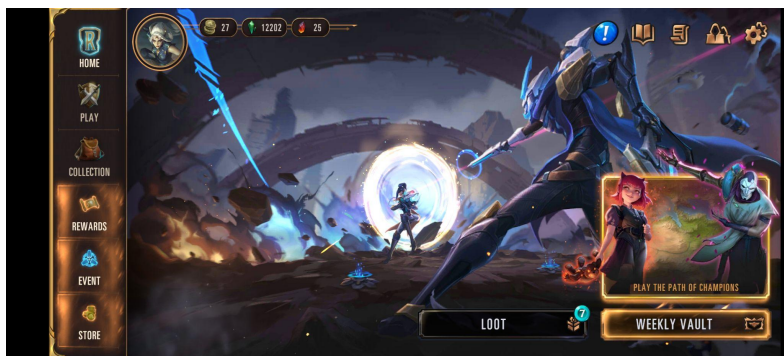

Basic Purpose of App:

An online card game that allows you to collect cards and create card packs to take online and outsmart other players to defeat their "Nexus." It also has a story mode for more PvE experiences.
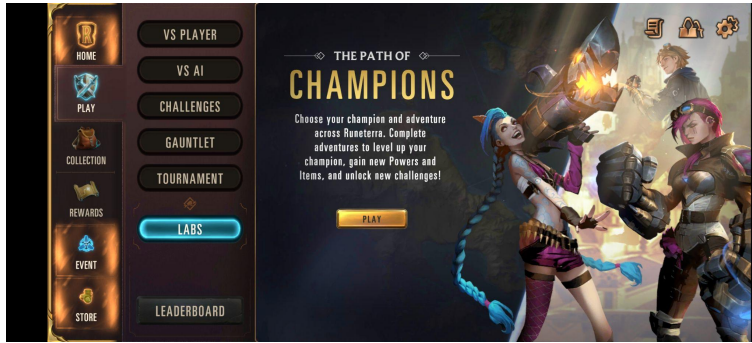

Six Sample Test Steps:

1. When you invoke the App you should see the following Log In screen:

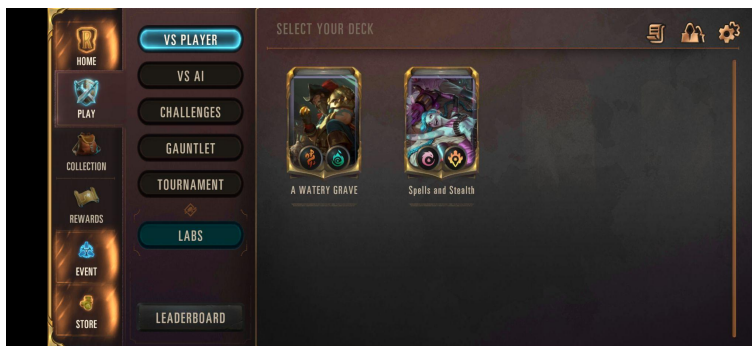

2. After login, you should come to a home screen and see this screen:

3. When you tap on the Play tab, you come to this screen:

4. You can then select the VS Player tab and this shows up:

5. You then select the desired card pack to use and this shows up:

6. This screen will then pop up and it's a loading screen:

\

7. Then, you are on the play screen and play the game!
